

Invitation to IPO-R test event in Aalborg, Denmark

- Second Scandinavian championship for rescue dogs -

The Danish rescue dog organization "Redningshunden-Danmark" (RDA) is pleased to invite all members of IRO to an international trial in Aalborg, Denmark, the 17th - 18th of April 2010.

The test will also be the second Scandinavian championship for rescuedogs from Finland, Sweden, Norway and Denmark.

Due to extreme weather conditions this winter, the rubble search will take place at indoor facilities, as well as obedience and dexterity might take place at unusual places as parking lot or indoor areas. By the end of February we have 80 cm of snow with glaze underneath, and the weather forecast predicts temperature below zero for the next month. This means we cannot at the moment guarantee it will be possible to complete tracking and area search due to safety precautions.

We will do our very best to complete the test, and all doghandlers will be informed no later than 3 weeks before the test whether or not it will be possible.

Date and Location: Aalborg, Denmark. 17th – 18th of April 2010.

Trials: IPO-R RH-T (A & B), IPO-R RH-FL (A & B), and IPO-R RH-F (A & B).
